

## Oerlikon Metco uses DG Office

*The Swiss leading provider of coating surface solutions Oerlikon Metco adopts DG Office for its Dangerous Goods logistic needs*

# oerlikon metco

Oerlikon Metco enhances surfaces that bring benefits to customers through a uniquely broad range of surface technologies, equipment, materials, services, specialized machining services and components. The surface technologies such as Thermal Spray and Laser Cladding improve the performance and increase efficiency and reliability. Oerlikon Metco serves industries such as aviation, power generation, automotive, oil & gas, industrial and other specialized markets and operates a dynamically growing network of more than 40 sites in EMEA, Americas and Asia Pacific. Oerlikon Metco, together with Oerlikon Balzers, and Oerlikon AM belong to the Surface Solutions Segment of the Switzerland-based Oerlikon Group (SIX: OERL).

# efreight switzerland

efreight AG, through a cooperation with the DGM Software Development Group (NL), distributes in Switzerland the DG Office application. Dangerous goods declarations can be created electronically for all modes of transport and for every type of product. DG Office can be used as a stand-alone Web application or integrated in the “efreight platform” the Swiss B2B transaction and

information platform for national and international freight forwarding offered by efreight AG.
